#### NOTES TO THE FINANCIAL STATEMENTS

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Description of Business and Organization

Investments For You, Inc. (the Company) is in the securities business selling shares of stock in investment companies, commonly referred to as mutual funds and variable annuities. The Company is required to meet the rules and regulations of the Securities and Exchange Commission, Financial Industry Regulatory Authority (FINRA), and the State of Ohio Division of Securities.

The Company was established on October 1, 1991 with a fiscal year end of September 30. The Company was approved by the National Association of Securities Dealers, Inc. on April 1, 1992 to conduct securities transactions.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### Securities Transactions and Revenue Recognition

The Company receives commissions from the sale of securities. Commission revenue is recognized on the settlement date of the security sale. The Company utilizes the allowance method in accounting for commissions receivable. No allowance was recorded for the years ended September 30, 2018 and 2017 due to management's belief that all amounts are collectible.

#### Property and Equipment

Furniture, fixtures, and equipment are stated at cost. Depreciation is calculated under the straight-line method over five years. Repairs, which do not extend the life of equipment, are expensed when incurred.

#### Advertising Costs and Expensing

Advertising costs are expensed in the period in which the costs are incurred. The advertising costs for the years ended September 30, 2018 and 2017 was \$3,588 and \$3,934, respectively.

#### Recent Accounting Pronouncement

In May 2014, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2014-09, Revenue from Contracts with Customers. ASU 2014-09 clarifies the accounting principles for recognizing contract revenue between a vendor and a customer for the provision of goods and services. The update is effective for the Company's fiscal year ending September 30, 2020. Management is in the process of determining the effect of this change on its accounting and disclosure of revenue activity.

#### NOTE 2 - RELATED PARTY TRANSACTIONS

The Company is located in office space with the President and Company's sole shareholder's other business. The Company is obligated to pay 6% of gross commissions in the form of a management fee. This management fee will cover, but is not limited to, managing and maintaining all books and records of the Company, rent, telephones, and secretarial support. The management fee expense for the years ended September 30, 2018 and 2017 was \$53,267 and \$52,786, respectively. At September 30, 2018 and 2017, the company owed \$4,783 and \$6,445, respectively, to a related party entity under common control of the Company's President and sole shareholder. Additionally, as of September 30, 2018 and 2017, the company owed \$39,577 and \$29,134, respectively to the President in the form of commissions on the sale of securities.

### **NOTE 3 - CAPITAL**

The Company has 750 authorized shares of common stock, no-par value, with 50 shares issued and outstanding as of September 30, 2018 and 2017.

During 2017, the sole shareholder contributed \$10,000 cash to the Company, which has been reflected as Additional Paid in Capital.

#### **NOTE 4 - INCOME TAXES**

The provision for Federal income taxes consists of the following:

	Year ending Sep	tember 30,
	2018	2017
Current	\$ 768.00	\$ 0

Following is a reconciliation between book income and taxable income:

	Year ending S	September 30,
	2018	2017
Net income before Federal income taxes (rounded) Dividends received deduction (70% Exclusion)	\$ 4,040.98	\$ -0-
	-0-	-0-
Taxable income	\$ 4,040.98	\$ -0-
Tax Liability	\$ 768.00	\$ -0-

The Company files a federal income tax return. The provision for income taxes included in the accompanying statements of operations was computed by applying statutory rates to income before taxes.

Deferred income taxes are recognized for the tax consequences in future years of temporary differences between the financial reporting and tax bases of assets and liabilities at each year-end based on enacted tax laws and statutory tax rates. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. As of September 30, 2018 and 2017, a valuation allowance was not recorded as no deferred tax assets were recognized. Income tax expense represents the taxes currently payable and the net change during the period in deferred tax assets and liabilities.

The Company accounts for uncertainty in income taxes in its financial statements as required by generally accepted accounting principles. The standard prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The standard also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition accounting. Management determined there were no material uncertain positions taken by the Company in its tax returns.

#### NOTE 5 – SUBSEQUENT EVENTS

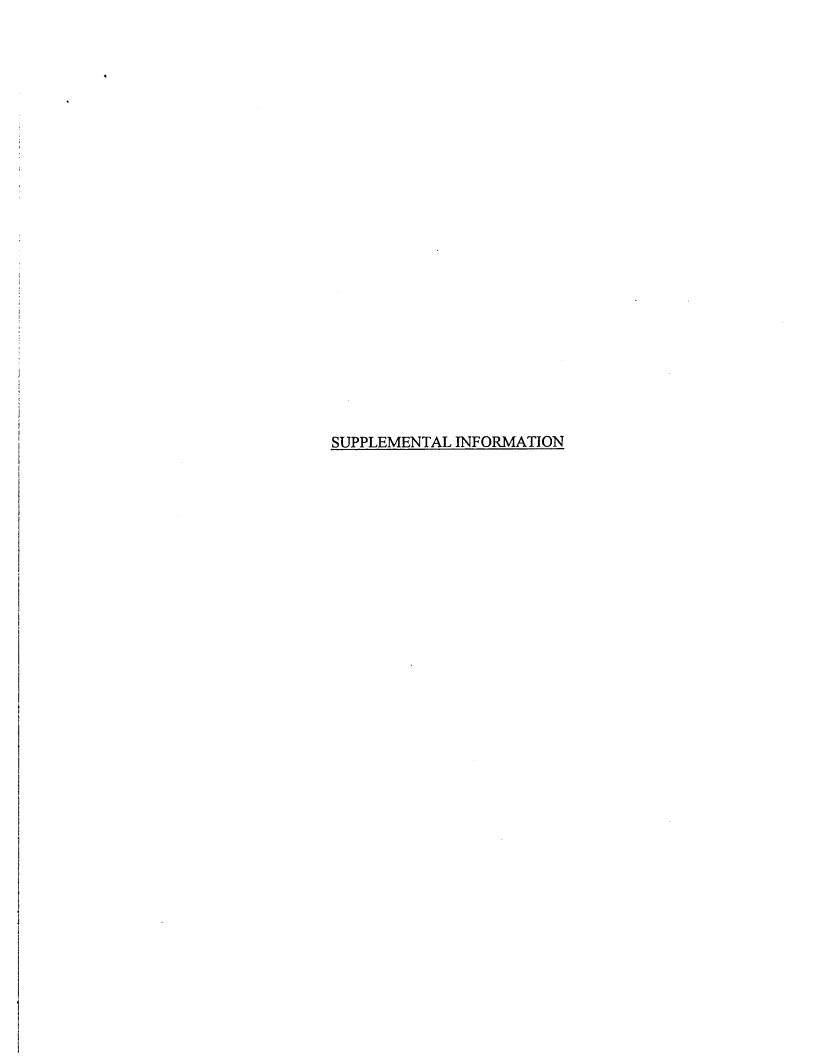

The Company has evaluated subsequent events through November 28, 2018, the date of the Independent Registered Public Accounting Firm's Report, which is the date the financial statements were available to be issued. There have been no significant subsequent events.

#### NOTE 6 – CONTINGENCIES

As of September 30, 2017, the Company had two matters pending. The first was a FINRA examination which was completed during 2018 without any significant findings. The second is an investigation into a customer complaint which has been completed. The results have been referred to FINRA Enforcement for potential sanctions against the individual representative. Management is not able to estimate an amount, if any, that they may be required to pay if there are findings. As such, no provision is included in the accompanying financial statements.

### NOTE 7 - NET CAPITAL REQUIREMENTS

As a registered securities dealer, the Company is subject to SEC's Uniform Net Capital Rule 15c3-1, which requires that "Net Capital", as defined, shall be at least the greater of \$5,000 or 6 2/3% of "Aggregate Indebtedness", as defined. Under the rule, the ratio of Aggregate Indebtedness to the Net Capital should not exceed 15 to 1. At September 30, 2018, the Company's "Net Capital" was \$12,368.64. which exceeded the requirements by \$4,430.40. The ratio of "Aggregate Indebtedness" to "Net Capital" was 9.63 to 1 at September 30, 2018.
